Cases and Problems on Contracts John Calamari, Joseph Perillo, Helen Bender, Michael Malloy, 2022-12-08 Description Coming Soon

Cases and Problems on Contracts John D. Calamari, 2011 This text employs the problem method together with case dissection to develop students interest increase their store of knowledge and help them exercise analytical thinking and master basic contracts Used in conjunction with the hornbook Calamari Perillo on Contracts this methodology allows the students to explore a rich array of practical applications of the cases UCC Articles 1 and 2 are included as appendixes Many new cases in this edition were decided in the 21st century and involve current issues Materials are streamlined to facilitate coverage in courses of fewer than 6 hours These materials together with the teacher s manual provide exceptional guidance especially for new teachers

Cases and Problems on Contracts John D. Calamari, Joseph M. Perillo, Helen Hadjiyannakis Bender, 2007 The methodology in Cases and Problems on Contracts started as a successful experiment Students are forced to exercise analytic thinking prior to coming to class and master basic contracts by working problems and dissecting cases The material employs the problem method in tandem with case dissection to develop students interest and increase their store of knowledge A large number of the cases were decided in the twenty first century and involve current issues The coursebook also includes many cases involving lawyers contracts to

illuminate various aspects of professional responsibility demonstrating that the law governing lawyers contracts is different

David G. Epstein, Bruce A. Markell, Lawrence Ponoroff, 2011 Since the first edition students have been reading Making and Doing Deals because they see the cases problems and text as helping them learn what they need to know as first year law students but also because they find the book to be accessible and enjoyable to read Cases, Problems, and Materials on Contracts Thomas D. Crandall, Douglas J. Whaley, 2012 Cases Problems and Materials on Contracts is distinguished among other texts by its excellent organization and thorough coverage of the basic themes of contract law The accessible straightforward text begins with clear introductions to each section or concept Carefully selected the cases have been tightly edited for best effect Using a problem oriented approach short well conceived hypotheticals engage the students A well received and flexible organization starts with Offer and Acceptance and moves to Consideration however the book is designed so courses can easily start with Consideration or Remedies Its flexibility allows for use in courses in which professors are required to teach sales and also can be adapted to avoid teaching the UCC A manageable length accounts for the book being used in courses of 4 5 and 6 hour length The authors have worked closely on all chapters to deliver a seamless revision to this popular text The Sixth Edition has been updated with recent cases as the authors combed through hundreds to select the best Hallmark features of Cases Problems and Materials on Contracts Thorough coverage of basic themes of contract law Problem oriented short sharp hypotheticals Manageable length for use in courses of 4 5 and 6 hour length Cases and problems approach Accessible straightforward text o well organized o clear section and concept introductions Popular and flexible organization o begins with Offer and Acceptance and moves to Consideration o designed to easily start with Consideration or Remedies instead o designed for courses that require professors to teach sales o easily adapted for courses that avoid teaching the UCC Tight case editing Collaborative authors work on all chapters seamless revision Thoroughly updated the revised Sixth Edition presents Completely updated cases **Cases, Problems, and Materials on Contracts** Douglas J. Whaley, David Horton, 2018-10-01 Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect including lifetime access to the online ebook with highlight annotation and search capabilities practice questions from your favorite study aids an outline tool and other helpful resources Connected eBooks provide what you need most to be successful in your law school classes Learn more about Connected eBooks Cases Problems and Materials on Contracts is known for pioneering the problem method of law school teaching A staple in classrooms for decades it stands out from other texts in the scope of its coverage and its use of short carefully constructed Problems to expose students to new concepts reinforce what they have just learned and stimulate thought The Eighth Edition the first since the passing of Thomas Crandall and the addition of David Horton as co author is more accessible than ever It introduces complicated issues with a clear narrative summary or explicit statement of black

letter law The cases have been tightly edited for best effect The book can also be easily adapted to fit various pedagogical needs Although it starts with Agreement and moves to Consideration it is also designed for teachers who prefer to begin with Consideration or Remedies It can be used in courses that both include and exclude sales Finally because it is shorter than most other texts in this field it works in 4 unit 5 unit and 6 unit courses New to the Eighth Edition Substantial input from a new co author means that the book contains scores of new cases Problems and narrative introductions to issues Each opinion has been streamlined to enhance readability Where possible applicable Restatement of Contracts and Uniform Commercial Code sections have been printed in the text saving students the cost of buying separate supplements Professors and students will benefit from Coverage of the basics of Contracts Law in a format that allows greater exposure to the legal concepts through the many Problems that fill each chapter alongside the most illustrative cases on point Assessment multiple choice questions at the end of each chapter that are meatier than such questions in most books focusing not on the right answer so much as on what real attorneys must consider when confronted with the issues presented The entire book s approach not just to teach rules of law but to train students to be lawyers faced with commercial issues For example Problems sometimes ask students whether they would be committing malpractice if they took a certain course of conduct an issue very much on the mind of actual attorneys but seldom mentioned in law school classrooms
