Broken Idols

**Michael Levi Rodkinson, Isaac Mayer
Wise, Godfrey Taubehaus**

Broken Idols:

Broken idols Mabel B. Brookes, 1917 **Broken Idols** Dame Mabel Balcombe BROOKES, 1918 **Broken Idols** David Hatcher, James Elliott, 1987 Iconoclasm and the Museum Stacy Boldrick, 2020-09-24

Iconoclasm and the Museum addresses the museum's historic tendency to be silent about destruction through an exploration of institutional attitudes to iconoclasm or image breaking and the concept's place in public display. Presenting a selection of focused case studies, Boldrick examines long-standing desires to deface, dismantle, obscure, or destroy works of art and historic artefacts, as well as motivations to protect and display broken objects. Considering the effects of iconoclastic practices on artworks and cultural artefacts and how those practices are addressed in institutions, the book examines changing attitudes to the intentional destruction of powerful artworks in the past and present. It ends with an analysis of creative destruction in contemporary art making and proposes that we are entering a new phase for museums in which they acknowledge the critical roles destruction and loss play in the lives of objects and in contemporary political life. Iconoclasm and the Museum will be important reading for academics and students in fields such as museum and gallery studies, archaeology, art history, arts management, curatorial studies, cultural studies, history, heritage, and religious studies. The book should also be of great interest to museum professionals, curators, and collections management specialists and artists.
