Critical Discourse Studies and Technology Ian Roderick, 2016-06-16 Making a new contribution to the developing field of multimodal critical discourse studies Ian Roderick s book demonstrates how technologies that tend to be widely represented as innovative or as simple pragmatic solutions are always anchored in power relations and are therefore deeply ideological A series of examples analysing technologies such as robotics smart phones or bio medicine their functioning and uses as well as their representations in the media show that these are embedded within discourses that tell us about social and power relations identities and political values The book takes a tour of everyday technologies and how they are represented in different settings A Disney theme park attraction showing how technology has improved family life makes many assumptions about what is natural in terms of interpersonal relations pleasure and satisfaction Advertisements that represent robot workers inform us about the kinds of worker management relations now characterising work places Roderick looks at the way that technologies while often represented as divorced from their production and maintenance as objects of wonder need to be seen within a fabric of social relations that tends to be suppressed from how we see them as part of a wider technological fetishism Engaging with existing theories of technology the book argues that we must take a more interdisciplinary approach to avoid the pitfalls of social constructivism and technological determinism Our experiences of technologies are shaped through the relationship between knowledge practices and institutional forms

Tim Dorsey Collection #2 Tim Dorsey, 2014-11-11 Five acid splashed Florida capers in one great package Prepare for the road trip of a lifetime with everyone's favorite serial killer Serge A Storms in the New York Times bestselling series from the compulsively irreverent and shockingly funny Boston Globe Tim Dorsey In CADILLAC BEACH Serge A Storms the one man crime spree hits no speed bumps as he swings through Tampa Disney World and parts south before settling down in Miami Beach to team up with a former sidekick and launch his long overdue offbeat travel service Our overachieving antihero has a full to do list and he multitasks during the tourist juggernaut to battle the Palermo crime family mystery assassins local police the FBI the CIA Fidel Castro and telemarketers Serge and his customers have become the hunted hopscotching through a series of famous hotel rooms But Serge tells them not to worry He has a master plan which is about to unfold in all of its insane glory on Cadillac Beach In TORPEDO JUICE this time our lovable but maniacal hero is on a mission Stay off police radar and reinvent himself Naturally Serge makes a beeline to the Reinvention Capital of the United States the Florida Keys where nobody is who they seem to be and the freaks are the least of your worries The perfect place for Serge to blend in Unfortunately some other less likable lunatics have latched on to the same idea and the sheriff's fax machine keeps jamming because of all the APBs coming in like a storm front about to break Lurking beneath paradise are many questions Who is the mystery driver of the metallic green Trans Am The brown Plymouth Duster with Ohio plates What about the white Mercedes with tinted windows In THE BIG BAMBOO Serge finds time to resurrect his obsession with movies particularly those showcasing his beloved home state And he wants answers Why aren't more films shot here How come the ones that are stink so bad And what's up with filming Florida scenes in California Then there's the cryptic message from his grandfather Sergio telling him to go to Los Angeles to uncover a mysterious secret from the distant past It's too much of a coincidence It's fate Naturally Serge accompanied by his substance sustained sidekick Coleman must immediately hop a transcontinental flight to straighten out Hollywood once and for all In HURRICANE PUNCH our lovable under medicated dispenser of truth justice and trivia is back with a vengeance just as his cherished home state is about to take a beating from a conga line of hurricanes bearing down on the peninsula But as Serge and his burnout buddy Coleman go storm chasing bodies begin turning up at a disturbing rate even by Florida standards It looks like a serial killer is on the loose another serial killer which highly offends Serge's moral sensibilities And he vows he'll stop at nothing to unmask his thrill killing rival and make All Things Right though Coleman's triathlete approach to the sport of polyabuse binging threatens to derail the mission more completely than the entire combined Sunshine State police community could ever hope to In ATOMIC LOBSTER Serge is back with a bullet torn between homicide and souvenirs So is Coleman torn between getting hammered and getting more hammered Then there's good ol' Jim
