Case Histories Of Deviant Behavior

Robert L. Spitzer

Case Histories Of Deviant Behavior:

Case Histories of Deviant Behavior Gloria Rakita Leon, 1976 *Case Histories of Deviant Behavior* Gloria Rakita Leon, 1977 *Case Histories of Deviant Behavior* Gloria Rakita Leon, 1984 *Case Studies of Executive Deviance* Petter Gottschalk, 2020-09-25 This insightful book illustrates thirteen case studies demonstrating the convenience theory of white collar crime Offering an integrated deductive perspective through a convenience lens Petter Gottschalk provides crucial insights into the motives opportunities and behaviors behind executive deviance *Case Studies in Behaviour Therapy* H. J. Eysenck, 2013-11-26 Originally published in 1976 and on the basis of extended case histories Eysenck showed how experts dealt with problems which arose in the course of behaviour therapy It showed how they formulated hypotheses about causation and treatment and used these to structure the methods employed and how they changed their hypotheses when treatment showed them to have been mistaken The prime aim was to demonstrate the complexities involved in even apparently simple cases and the need to base treatment on a proper understanding of the dynamics of the case All the articles were specially written for this book the purpose being to underline the need to state the dynamics of a case in such a form that they could be used as hypotheses leading to specific treatment recommendations The hypotheses were tested by the success or failure of the treatment thus making the treatment of individual patients a proper experimental procedure Behaviour therapy emphasises the fundamental importance of the outcome problem and only experience can teach the behaviour therapist just how this interplay of theory formulation and design of location evaluation of effect and changes in theory works in actual practice The book will help those engaged in this type of therapy to understand the process better and to gain a quicker mastery of the technique *Case Studies in Sexual Deviance* William T. O'Donohue, 2013-10-08 The assessment and treatment of sexual deviance can be very difficult tasks and it can be hard to find mentors to provide initial skills training and help in navigating the many complexities of a particular case This book presents a series of case studies from international experts in the field that depict the evidence based assessment and treatment of a variety of paraphilias Intended as learning tools readers can use as models and from which they can gain insight these case studies are offered as exemplars of clinical problem solving The authors of each chapter provide research evidence that justifies treatment decisions explain their assessment strategies and case formulations and provide information about how to navigate common problems a clinician will encounter such as denial poor motivation and co morbid problems A variety of assessment instruments and treatment strategies are also illustrated Both new and experienced clinicians will find this book to be an invaluable resource in their own work **Case Studies in Applied Behavior Analysis for Individuals with Disabilities (2nd Ed.)** Keith Storey, Linda Haymes, 2023-01-24 This book responds to a critical need for highly qualified personnel who will become exemplary professionals because of their advanced knowledge skills and experiences in working with students and adults that have varying disabilities including Autism Spectrum Disorders ASD Since Board Certification for behavior

analysts was introduced there has been an expansion of training programs in Applied Behavior Analysis to meet the demands from school districts health insurers and families In spite of these developments a case studies book has not been available that uses the Behavior Analyst Certification Board Task List Fifth Edition BACB guidelines for educating individuals receiving their BCBA or for those in the field such as teachers and service providers The goal of this book is to fill that need In this newly revised second edition eighteen case studies are provided case studies with complete analysis case studies with partial analysis and case studies without analysis The first six cases present a complete analysis which allows the reader to analyze and develop a comprehensive Positive Behavior Support Plan containing detailed answers and supporting data systems The second six case studies include the areas from the BACB Task List and the items are most relevant for analysis but the analysis is not complete This enables the reader to complete the analysis themselves which will promote skill building The final six case studies do not contain an analysis or guideline This allows the reader to further develop their skills by creating their own guidelines for analysis and implementing their plan The use of this text will improve the comprehensive analysis and coverage of the developing supports for individuals with disabilities provide direct applicability to applied settings and the ability to use the case studies for assignments and or exams The format readability and detailed description of instructional methodology makes this text a valued resource for instructors and behavior analysts responsible for improving the skills of people with disabilities

Case Studies in Behavior Modification Leonard P. Ullmann, Leonard Krasner, 1965
The Psychomedical Case History of a Low-caste Woman of North India Ruth S. Freed, Stanley A. Freed, 1985 A Socio-psychological Case Study in Multiple Deviance Daniel Leigh Haytin, 1968 *The Case-study Method in Psychology and Related Disciplines* Dennis Basil Bromley, 1986 Presents an overview of the case study method and its applications describing in detail how to conduct psychological case studies how to evaluate them and how to use diagrams and decision analysis in case studies Case Studies in Abnormal Behavior Robert G. Meyer, Yvonne Hardaway Osborne, 1987 **Library of Congress Catalogs** Library of Congress, 1976 **American Book Publishing Record** ,1998 *Psychopathology, a Case Book* Robert L. Spitzer, 1983 **A Case Study in the Failure of Nineteenth Century Penal Reform** Kurt Kim Schaefer, 1991 **Subject Catalog** Library of Congress, 1982 **Deviant Behavior** Erich Goode, 2005 Germans and African Americans unlike other works on African Americans in Europe examines the relationship between African Americans and one country Germany in great depth Germans and African Americans encountered one another within the context of their national identities and group experiences In the nineteenth century German immigrants to America and to such communities as Charleston and Cincinnati interacted within the boundaries of their old world experiences and ideas and within surrounding regional notions of a nation fracturing over slavery In the post Civil War era in America through the Weimar era Germany became a place to which African American entertainers travelers and intellectuals such as W E B Du Bois could go to escape American racism and find new opportunities With the rise of the Third Reich Germany became the

personification of racism and African Americans in the 1930s and 1940s could use Hitler's evil example to goad America about its own racist practices Postwar West Germany regained the image as a land more tolerant to African American soldiers than America African Americans were important to Cold War discourse especially in the internal ideological struggle between Communist East Germany and democratic West Germany Unlike many other countries in Europe Germany has played a variety of different and conflicting roles in the African American narrative and relationship with Europe It is this diversity of roles that adds to the complexity of African American and German interactions and mutual perceptions over time

Subject Catalog, 1982 Library of Congress, 1982 **Deviant Behavior and Control Strategies** Arthur Lewis Wood, 1974
