## **Confessions Of A Cold Warrior:**

**Confessions of a Cold Warrior** Daniel Orrin Graham,1995-01-01      *Baseball Diaries* Wayne Johnson,2013-09-13 It s 1963 in suburban Minneapolis when 7 year old George later Wayne Johnson meets Artie who lets George fly his dog Thus begins a decade long on and off friendship and coming of age odyssey that will shape both boys futures and test their character loyalty humor and wits This is not however the land of June and Ward Cleaver and we are drawn into a parallel world unimagined by the boys mainstream parents and peers a world sometimes hilarious the duel between Artie s dog and a casserole sometimes nostalgic balsa wood model planes and Playboy centerfolds occasionally perilous and often illegal setting off a stash of illicit fireworks deep inside the Minneapolis Convention Center On the surface there is little league and scouting romance and school hobbies and jobs But hidden from the adult world are the life endangering stunts the relentless torment of a pathological bully leading George to develop a series of home made and increasingly dangerous defensive weapons and the fleeting moral disdain for marijuana which soon gives way to an entrepreneurial and connoisseurial obsession when the plant is found growing in abundance nearby In turns tender humorous hair raising and heartwarming *Baseball Diaries* is a bitter sweet and fascinating look at a pivotal time in a young man s life and a magical time in America when baseball seemed simple and pure

**Love's Next Meeting** Aaron Lecklider,2021-06-15 How queerness and radical politics intersected earlier than you thought Well before Stonewall a broad cross section of sexual dissidents took advantage of their space on the margins of American society to throw themselves into leftist campaigns Sensitive already to sexual marginalization they also saw how class inequality was exacerbated by the Great Depression witnessing the terrible bread lines and bread riots of the era They participated in radical labor organizing sympathized like many with the early prewar Soviet Union contributed to the Republicans in the Spanish Civil War opposed US police and state harassment fought racial discrimination and aligned themselves with the dispossessed Whether they were themselves straight gay or otherwise queer they brought sexual dissidence and radicalism into conversation at the height of the Left s influence on American culture Combining rich archival research with inventive analysis of art and literature *Love s Next Meeting* explores the relationship between homosexuality and the Left in American culture between 1920 and 1960 Aaron S Lecklider uncovers a lively cast of individuals and dynamic expressive works revealing remarkably progressive engagement with homosexuality among radicals workers and the poor Leftists connected sexual dissidence with radical gender politics antiracism and challenges to censorship and obscenity laws through the 1920s and 1930s In the process a wide array of activists organizers artists and writers laid the foundation for a radical movement through which homosexual lives and experiences were given shape and new political identities were forged *Love s Next Meeting* cuts to the heart of some of the biggest questions in American history questions about socialism about sexuality about the supposed clash still making headlines today between leftist politics and identity politics What emerges is a dramatic sexually vibrant story of the shared struggles for liberation across

the twentieth century      **Compelling Confessions** Suzanne Diamond,2010-12-10 *Compelling Confessions* The Politics of Personal Disclosure is a collection of essays whose shared purpose is to offer an accessible interdisciplinary exploration of the social dynamics behind confessional discourse As various contributors to this collection demonstrate confession is ubiquitous in contemporary culture not only within psychological or therapeutic frameworks or literary analysis but also in internet discussion groups in the criminal justice system in political rhetoric in so called reality and interview style television programming in writing pedagogy and increasingly in the testimonial strain observable in contemporary scholarship Yet telling one s story raises questions not only about authorial intent or authenticity but also about the pressures disclosure can impose upon its audiences Far less ubiquitous than confessions themselves as these contributors suggest are the critical tools that general audiences might employ in order to better evaluate the rhetoric of personal disclosure It is in fact the shortage of such tools responses and procedures that could be stated plainly and implemented by any reader or viewer that *Compelling Confessions* sets out to address      *Total Cold War* Kenneth Alan Osgood,2006 Osgood focuses on major campaigns such as Atoms for Peace People to People and cultural exchange programs Drawing on recently declassified documents that record U S psychological operations in some three dozen countries he tells how U S propaganda agencies presented everyday life in America to the world its citizens living full happy lives in a classless society where economic bounty was shared by all Osgood further investigates the ways in which superpower disarmament negotiations were used as propaganda maneuvers in the battle for international public opinion He also reexamines the early years of the space race focusing especially on the challenge to American propagandists posed by the Soviet launch of Sputnik      **Angels Three Six** Chuck Lehman,2006      *Who the Hell are We Fighting?* C. Michael Hiam,2006 It was an enigma of the Vietnam War American troops kept killing the Viet Cong and were being killed in the process and yet the Viet Cong s ranks continued to grow When one man CIA analyst Sam Adams uncovered documents suggesting a Viet Cong army more than twice as numerous as previously reckoned another war erupted this time within the ranks of America s intelligence community This clandestine conflict which burst into public view during the acrimonious lawsuit *Westmoreland v CBS* involved the highest levels of the U S government The central issue in the trial as in the war itself was the calamitous failure of our intelligence agencies to ascertain the strength of the Viet Cong and get that information to our troops in a timely fashion The legacy of this failure whether due to institutional inertia misguided politics or individual hubris haunts our nation And Sam Adams tireless crusade for honest intelligence resonates strongly today To detractors like Richard Helms Adams was an obsessive zealot to others he was a patriot of rare integrity and moral courage Adams was the driving force behind the CBS ninety minute documentary *The Uncounted Enemy* produced by George Crile and hosted by Mike Wallace *Westmoreland* brought a lawsuit seeking 120 million in damages against Adams and Wallace in what headlines around the country trumpeted as the libel trial of the century *Westmoreland* dropped his suit before the case could be sent to the jury *Who the Hell Are We*

Fighting is the first serious narrative history of Adams controversial discovery of the Vietnam numbers gap Hiam s book is a timeless cautionary tale that combines the best elements of biography military history and current affairs **The Secret Sentry** Matthew M. Aid,2009-06-09 Presents a history of the agency from its inception in 1945 to its role in the Cold War to its controversial advisory position at the time of the Bush administration s search for weapons of mass destruction in Iraq shortly before the invasion of 2003 **Rise to Globalism** Stephen E. Ambrose,1985 Incorporating the most recent scholarship this eighth revised edition of Rise to Globalism offers a concise and informative overview of the evolution of American foreign policy from 1938 to the present focusing on such pivotal events as World War II the Cuban missile crisis Vietnam and the SALT treaties Ambrose and Brinkley also closely examine such recent topics as the Iran Contra scandal free elections in Nicaragua the rise of international terrorism the fall of Communism the Gulf War and the crisis in the former Yugoslavia In light of the enormous global power of the United States the authors analyze how American character traits economic aggressiveness racism fear of Communism have shaped the country s evolving foreign policy This probing and thematic examination of events makes Rise to Globalism an invaluable work *The Conservative Revolution* Lee Edwards,1999 The triumph of the conservative movement in reshaping American politics is one of the great untold stories of the past fifty years At the end of World War II hardly anyone in public life would admit to being a conservative but as Lee Edwards shows in this magisterial work in the 1950s 1960s and 1970s a small group of committed men and women began to chip away at the liberal colossus and their descendants would scale the ramparts of power in the 1980s and 1990s Not even the fall of Newt Gingrich has changed the indisputable fact that the movement has truly rewritten the rules of American political life and the republic will never be the same Edwards tells the stories of how conservatives built a movement from the ground up by starting magazines by building grass roots organizations and by seizing control of the Republican party from those who espoused collaboration with the liberals and promised only to manage the welfare state more efficiently and not to dismantle it But most of all he tells the story of four men four leaders who put their personal stamp on this movement and helped to turn it into the most important political force in our country today Robert Taft Mr Republican the beacon of conservative principle during the lean Roosevelt and Truman years Barry Goldwater Mr Conservative the flinty Westerner who inspired a new generation Ronald Reagan Mr President the optimist whose core beliefs were sturdy enough to subdue an evil empire Newt Gingrich Mr Speaker the fiery visionary who won a Congress but lost control of it By their example and vision these men brought intellectual and ideological stability to an often fractious conservative movement and held the high ground against the pragmatists who would compromise conservative principles for transitory political advantage And through their efforts and those of their supporters they transformed the American political landscape so thoroughly that a Democratic president would one day proclaim The era of big government is over Political history in the grand style The Conservative Revolution is the definitive book on a conservative movement that not only has left its mark on our century but

is poised to shape the century about to dawn

**Reformed Confessions** Jan Rohls,1998 In this volume the internationally respected theologian Jan Rohls chronicles the dynamic tradition of Reformed confessions of faith from the sixteenth century through the first third of the twentieth He discusses theological themes and positions that have informed both the tradition in its entirety and also particular confessions concluding with the Theological Declaration of Barmen in 1934 An introduction by Jack L Stotts discusses Reformed confessions since Barmen Back cover

**Loose Cannon** B. G. Davis,2012-11-01 Riots arson assault kidnap an American Embassy under siege they re all part of the experiences of an undercover operative in the service of the U S Government overseas And if that s not enough throw in a fanatical Domsday cult and the Japanese Mafia From Japan to Spain Brazil to Bolivia and back then on to China Taiwan Korea and back to Japan again Adventures observations confrontations and experiences in a series of assignments extending over three decades Based on a true story this fictionalized memoir traces the overseas career of a U S Government operative working for an unnamed clandestine agency during the Cold War and its aftermath Loose Cannon is unusual in that it deals with fronts in the Cold War Latin America Asia that are often ignored in favor of Europe A highly entertaining book that will add to your understanding of America and the world during a critical period in history Loose Cannon is also available in a Kindle edition *New Mexico Historical Review* Lansing Bartlett Bloom,Paul A. F. Walter,1977 *The Chinese Fetish* Sean Aaron Metzger,2005

**Confessions from the Left** John David Nagle,1998 The crisis of the left is an historic rethinking and renewal project not an end of history All political value systems liberalism conservatism socialism have in the past been forced to undergo painful criticism and re evaluation of their politics and they have revitalized themselves because their values speak to core problems of the human condition Seeming confusion and loss of certainty are necessary parts of the renewal process now underway with the collapse of communism and the decline of the social democratic welfare state Confession indicates both willingness to confront past error and confirmation of the commitment to renewal John Nagle s work sets the context for left rethinking identifies crucial positions for reworking and offers tentative ideas about an emergent new synthesis A renewed left politics is essential for building a progressive counterbalance to a dominant global liberalism Harold Palmer Smith, Jr ,2023 Harold Palmer Smith Jr is a scientist consultant and defense policy expert who earned tenure in the Department of Nuclear Engineering at UC Berkeley chaired the UC Davis Department of Applied Science and later served as Assistant Secretary of Defense for Nuclear Chemical and Biological Defense Programs Smith was born in 1935 in Greensburg Pennsylvania He earned a B S degree in 1957 from the Massachusetts Institute of Technology MIT where he met his wife Marian Bramford They married in 1958 and have three children born between 1959 and 1963 Smith completed his Ph D thesis on nuclear powered rocketry at MIT in 1960 the same year he joined the faculty in Nuclear Engineering at UC Berkeley After service in 1961 as an active duty ROTC officer in the Ballistics Research Laboratory at the Aberdeen Proving Grounds Smith returned to UC Berkeley where he conducted research on fissioning gas Xenon poisoning and nuclear sputtering to earn tenure in

The Pueblo Incident Mitchell B. Lerner,2002 Mitchell Lerner now examines for the first time the details of this crisis and uses the incident as a window through which to better understand the limitations of American foreign policy during the Cold War Drawing on thousands of pages of recently declassified documents from President Lyndon Johnson s administration along with dozens of interviews with those involved Lerner provides the most complete and accurate account of the Pueblo incident to date BOOK JACKET

The Journal of American-East Asian Relations ,1994 **Confession** James H. Forest,Jim Forest,2002 Once a defining feature of Christian life the practice of Confession was abandoned by many people in the last few decades of the twentieth century but now is coming back to life with the recognition that without an acknowledgment of sin and the longing for forgiveness and reconciliation the Gospel makes little sense In Confession Jim Forest offers a moving and helpful reappraisal of this neglected sacrament drawing on scripture the lives of the saints and a wealth of person stories Book jacket
