Pacific Automobilm Gijs Mom, 2022-09-13 The beginning of the 21st century has seen important shifts in mobility cultures around the world as the West's media-driven car culture has contrasted with existing local mobilities from rickshaws in India and minibuses in Africa to cycling in China In this expansive volume historian Gijs Mom explores how contemporary mobility has been impacted by social, political, and economic forces on a global scale as in light of local mobility cultures the car as an adventure machine seems to lose cultural influence in favor of the car's status character

First Person Singular Stuart Hirschberg, 1997 This book introduces readers to the major traditions in autobiography and biography illustrates how writers transform personal experience for different audiences and explores the relationship between the writer's voice and stylistic features that express the writer's attitude towards his or her personal experience The book guides readers in developing their reading and writing skills introducing them to various techniques writers use to interpret experience Chapters are organized according to themes that have traditionally elicited compelling autobiographical narratives and include accounts of personal growth, nature writing, and narratives of religious and philosophical exploration The book presents many different kinds of writing including diaries, journals, letters, biographies, memoirs, and expressive essays This book is rich in a variety of perspectives by African American, Native American, Asian American, and Hispanic writers and offers cross-cultural and regional narratives as well as a core of selections by classic authors Almost half of the fifty-nine selections are by women

The Alchemy of Illness Kat Duff, 1993 Illness is a universal experience There is no privilege that can make us immune to its touch We are taught to assume health, illnesses being just temporary breakdowns in the well-oiled machinery of the body But illness has its own geography, its own laws, and commandments At a time when the attention of the whole nation is focused on health care Kat Duff inquires into the nature and function of illness itself Duff, a counselor in private practice in Taos, New Mexico, wrote this book out of her experience with chronic fatigue syndrome but what she has to say is applicable to every illness and every one of us For those who are sick, this book offers solace and recognition For those who care for them, either physically or emotionally, it offers inspiration and compassion Finally, this fresh perspective on healing reveals how every illness is a crucible that tries our mettle, tests our limits, and provides us with an unparalleled opportunity to integrate its lessons into our lives
