Confessions Of A Disloyal European:

Confessions of a Disloyal European Jan Myrdal, 1990 Denna uppl har nytt efterord av f rf **Brief van Meint Hylkes Bottema (1890-1918) aan Douwe Kalma (1896-1953)**, 1912 **Western Europe's Democratic Age** Martin Conway, 2020-06-30 A major new history of how democracy became the dominant political force in Europe in the second half of the twentieth century What happened in the years following World War II to create a democratic revolution in the western half of Europe In Western Europe s Democratic Age Martin Conway provides an innovative new account of how a stable durable and remarkably uniform model of parliamentary democracy emerged in Western Europe and how this democratic ascendancy held fast until the latter decades of the twentieth century Drawing on a wide range of sources Conway describes how Western Europe s postwar democratic order was built by elite intellectual and popular forces Much more than the consequence of the defeat of fascism and the rejection of Communism this democratic order rested on universal male and female suffrage but also on new forms of state authority and new political forces primarily Christian and social democratic that espoused democratic values Above all it gained the support of the people for whom democracy provided a new model of citizenship that reflected the aspirations of a more prosperous society This democratic order did not however endure Its hierarchies of class gender and race which initially gave it its strength as well as the strains of decolonization and social change led to an explosion of demands for greater democratic freedoms in the 1960s and to the much more contested democratic politics of Europe in the late twentieth century Western Europe s Democratic Age is a compelling history that sheds new light not only on the past of European democracy but also on the unresolved question of its future **Modern Swedish Prose in Translation** Karl Erik Lagerlöf, 1979 Modern Swedish Prose in Translation was first published in 1979 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions These excerpts from Swedish prose works mostly novels reflect major shifts in mood and style in the 25 years since 1950 Editor Karl Erik Lagerlof traces cultural and political developments in Sweden from the post World War II era when writers felt themselves in a world devoid of political meaning and rejected realism as a literary mode down to the intensely political years of the Vietnam era The selections in this anthology range from the anti ideological works of the postwar years to recent documentary methods influenced by Marxism structuralism and a renewed political consciousness **Political Pilgrims** Paul Hollander, 2017-07-05 Why did so many distinguished Western Intellectuals from G B Shaw to J P Sartre and closer to home from Edmund Wilson to Susan Sontag admire various communist systems often in their most repressive historical phases How could Stalin s Soviet Union Mao s China or Castro s Cuba appear at one time as both successful modernizing societies and the fulfillments of the boldest dreams of social justice Why at the same time had these intellectuals so mercilessly judged and rejected their own Western liberal cultures What Impulses and beliefs prompted them to seek the realization of their ideals in distant poorly known lands

How do their journeys fit into long standing Western traditions of looking for new meaning In the non Western world These are some of the questions Paul Hollander sought to answer In his massive study that covers much of our century His success is attested by the fact that the phrase political pilgrim has become a part of intellectual discourse Even in the post communist era the questions raised by this book remain relevant as many Western and especially American intellectuals seek to come to terms with a world which offers few models of secular fulfillment and has tarnished the reputation of political Utopias His new and lengthy introduction updates the pilgrimages and examines current attempts to find substitutes for the emotional and political energy that used to be invested in them Political Pilgrims ,1978 Hvad var det der f r kendte vestlige intellektuelle til at beundre forskellige kommunistiske systemer og forkaste deres egne landes liberale Hvorfor s ge idealer i fjerne ikke s godt kendte lande **The Evolution of the Autobiography from 1770-1850** Heidi I. Stull,1985 Autobiographical writings remained throughout long centuries relatively unaffected by literary modes and changes From 1770 1850 new developments in literature especially the emergence of the novel as well as new trends in philosophy and aesthetics ushered in a new era reflective of a search for greater consciousness and sensibility a revolutionary mode of thought and life that profoundly affected the autobiographical genre This study examines a number of autobiographies which herald or reflect these new trends and developments how these and the autobiographer s changing objectives decisively enriched and modified the genre and how they gradually stir the genre toward an inevitable identity crisis **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1971 **The Kirkus Service** ,1968 Survey of Contemporary Literature Frank Northen Magill,1977 The Nation ,1926 **Book World** ,1968 **Turncoats and True Believers** Ted Goetzel,1992-06 No Marketing Blurb **The Voice Within: Reading and Writing Autobiography** Roger J. Porter,Howard Robert Wolf,1973 **Socialist Commentary** ,1969 Public Debt and Economic Development in India D. K. Mishra,1985 **Year Book Covering the Year ...** ,1968 **Twenty Questions for the Writer** Jacqueline Berke,1981 TWENTY QUESTIONS FOR A WRITER is structured around twenty questions most often used by writers for finding and developing their topics This basic structure creates a versatility that sheds light ion the writing process **As Others See Us** Göran Palm,1968 **Sweden: the Politics of Postindustrial Change** M.
