Expert Mediators
Jean Poitras,Susan S. Raines,2013
In the last three decades mediation has been increasingly used in the United States and elsewhere Much has been written about the philosophical underpinnings and ethical dilemmas of mediation as well as its applications both within judicial systems and beyond the limits of these systems However some very basic challenges remain How can entrenched positions strong emotions and cultural differences be dealt with Mediation expertise is truly achieved when a mediator learns to overcome these challenges through experience and intuition To speed up the learning curve of mediation expertise Jean Poitras and Susan Raines have benchmarked the mediation process in Expert Mediators

Overcoming Mediation Challenges in Workplace Family and Community Conflicts Tapping the experience and wisdom of over 175 highly qualified mediators from across different realms of the mediation practice e g family mediation workplace mediation commercial mediation and across geographic regions e g U S Australia Europe Israel Canada this book integrates best practices in order to improve the performance of mediators For each proposed strategy this book discusses conditions under which each practice should be used as well as approaches to mitigate risks associated with using each strategy and technique

Re-Centering Culture and Knowledge in Conflict Resolution Practice Mary Adams Trujillo, S. Y. Bowland, Linda James Myers, Phillip M. Richards, Beth Roy, 2022-09-01 The field of conflict resolution centers on relationships and ways of approaching methods for problem solving These relationships and approaches vary deeply depending on the individual society and background proving that cultural perspective is fundamental to any dispute intervention Re Centering Culture and Knowledge in Conflict Resolution Practice is a collection of original essays by scholars and practitioners of conflict resolution and others working in marginalized communities The volume offers a sampling of the cultural voices essential to effective practice yet not commonly heard in the discourse of conflict resolution The authors explore the role of culture race and oppression in resolving disputes Drawing on firsthand experience and sound research the authors address such issues as culturally sensitive mediation practices the diversity of perspectives in conflict resolution literature and power dynamics The first anthology of its kind this book combines personal narratives with formal scholarship By melding these varied approaches the authors seek to inspire activism for social justice in today s multicultural society
