Conflits En Afrique:

La résolution des conflits en Afrique I. William Zartman, 1990 **Conflits en Afrique**, 1997 **La résolution des conflits en Afrique subsaharienne** Aminata Sonko Diop, 2026-01-22 Le présent ouvrage analyse les causes des conflits qu'elles soient structurelles ou conjoncturelles comme la fragilité des États, les crises politiques, les facteurs économiques et sociaux ou les influences extérieures. Il montre les limites des réponses sécuritaires classiques et des modèles de paix importés. En proposant une approche fondée sur la prévention, le dialogue inclusif et le renforcement des mécanismes locaux, l'auteur insiste sur le rôle des communautés, des organisations régionales et de la bonne gouvernance pour construire une paix durable pouvant offrir des pistes concrètes pour repenser les conflits en Afrique subsaharienne et leur résolution. Guerre, paix et désarmement Erik Poole, Annie Bourret, 1989 **La problématique des conflits en Afrique Noire** Mamadou Kasse, 2004 La résolution des conflits en Afrique noire est confrontée à une problématique liée à la multiplicité et à la complexité des causes et au mode de gestion de l'État africain dont très souvent le degré de déliquescence conduit inéluctablement à leur éclatement. Les conflits sont classés selon la typologie suivante : conflit interne caractérisé ethniquement, identitairement, politiquement d'une part et frontalier ou externe d'autre part, consécutif à la remise en cause des accords de Berlin. L'impact des crises sur la stabilité politique et économique des pays africains, l'implication des pays voisins occidentaux et de la communauté internationale en général, les relations entre l'Afrique, l'Europe et les États-Unis sont mis en exergue, ainsi que les solutions reposant notamment sur des mécanismes nouveaux de prévention et de règlement. L'évaluation de ces mécanismes pose le problème de leur opérationnalité, d'où la nécessité de les parfaire progressivement. *Actes Du ... Cameroon, Central African Republic, Niger, Nigeria, Chad. Marred by conflict and violence, these territories are difficult to access and not well known, so they tend to be out of reach for scholarly study and development programs. The long-term and in-depth field studies that this volume presents offer a window on conflict analysis based on insights into local dynamics and the lived world of the people themselves. **Africa Development**, 2002 A quarterly journal of the Council for the Development of Economic and Social Research in Africa.
