Citizen Activism and Mediterranean Identity Gianluca Solera, 2016-12-05 This book explores the commonalities between the struggles of the last years around the Mediterranean and tries to find the cultural roots of this season of protests and activism against repression and a growing systemic crisis. Who are their main characters? How has mobility of ideas and persons contributed to it? Why has the Mediterranean become the cradle of civil resistance? And how can one make sure that what has begun bears fruit? The author discusses how a strategic action of social movements and activists from both Europe and the Arab world can build the basis for a grassroots project for integration between the two shores where mobility is at the core. On the one hand, mobility of ideas, activists, men and women of culture, and other key players and trans-national strategizing; on the other hand, challenging the paradigms of visa policies and striving for a space of safe human mobility as one of the steps of a grassroots Mediterranean citizens' project. Providing argument to a new theory of social mobilization, this book will be of interest to scholars of European and Arab politics as well as to political activists in the region. *Mass Communication in the Modern Arab World* Naila Nabil Hamdy, Philip Auter, 2022-03-01 *Mass Communication in the Modern Arab World* Ongoing Agents of Change following the Arab Spring introduces, explains, and explores how unceasing growth of

Sectarianism and Civil War in Syria Raymond Hinnebusch,Morten Valbjørn,2025-04-14 As an epicentre of sectarian conflict before and after the Arab uprising Syria provides an excellent laboratory for the study of sectarianization

This book compares variance in Syria's sectarianism over time and across place to expose its causes and its varying impact on Syria's society and polity. The book begins with an introductory chapter examining key approaches to and debates over sectarianism in Syria from which a framework of analysis is derived. Subsequent empirical chapters are divided into two sections. Several chapters examine key aspects of sectarianism at the national level looking at the interaction of sectarianism and state formation over the long term, the internal evolution of sectarianization during the uprising, the impact of the regional power struggle on Syria's sectarianization and whether sectarianism was institutionalized by civil war governance in both regime and opposition controlled areas. A second set of chapters looks at sectarianism in Syria's different cities, regions and communities notably in Damascus, Homs, Hama, Aleppo, Idlib, the Alawi coast and the Druze and Christian communities. The concluding chapter makes use of the analytical framework to systematically compare the evidence from the empirical cases in order to identify regularities. Providing nuanced insights into the Syrian case whilst informing broader theoretical discussions of sectarianism, this book will appeal to students, researchers and general readers interested in Middle Eastern politics and political science generally.

New Arab Revolutions That Shook the World Farhad

Khosrokhavar, 2016-01-08. From Libya in the east to the Gulf peninsula in the west, the Arab Spring has shaken entrenched regimes. Decades old dictatorships have fallen after mass protests. He looks beyond the Arab world to show how the movements are leaving a deep imprint on countries like Iran and how a new conception of democracy is emerging in the region, challenging traditional ideas. Looking to the future, Khosrokhavar discusses how the new movements may change the world.

Où va le Liban ? Ghassan El Ezzi, 2006-02-01

C'est dans un contexte international de refonte du Moyen-Orient qu'est intervenu l'assassinat de l'ex-Premier ministre libanais Rafic Hariri le 14 février 2005, ayant donné lieu à un mouvement populaire profond. Mouvement qui remet en cause un certain nombre de données de la politique au Liban mais qui dépend aussi d'enjeux géostratégiques qui le dépassent. S'il est indéniable que le départ de l'occupant syrien a ouvert une nouvelle page, on peut se demander si le pays est libéré de toute tutelle et s'il a la capacité de transformer l'essai pour construire positivement son avenir.
