Confronting Rape Nancy A. Matthews, 2005-11-28 Public thinking about sexual assault over the last two decades has changed dramatically for the better Activists in rape crisis centers can claim a feminist success story but not always as they would choose Through her study of six rape crisis centers in Los Angeles Nancy Matthews shows how the State has influenced rape crisis work by supporting the therapeutic aspects of the anti rape movement s agenda and pushing feminist rape crisis centers towards conventional frameworks of social service provision while ignoring the feminist political agenda of transforming gender relations and preventing rape Confronting Rape Nancy A. Matthews, 1994-09-01 Public thinking about sexual assault over the last two decades has changed dramatically for the better Activists in rape crisis centers can claim a feminist success story but not always as they would choose Through her study of six rape crisis centers in Los Angeles Nancy Matthews shows how the State has influenced rape crisis work by supporting the therapeutic aspects of the anti rape movement s agenda and pushing feminist rape crisis centers towards conventional frameworks of social service provision while ignoring the feminist political agenda of transforming gender relations and preventing rape Sexual Subordination and State Intervention R. Amy Elman, 1996 One of the foremost Brazilian philosophers of education presents some of his ideas focusing on people their actions and their consciousness He begins with the premise that human history is the product of people s struggle against inequality which he describes in terms of a dialectic of oppositions and a pedagogy of consciousness Dialectics for Gadotti is both a means of inquiry and the textual and dynamic foundation of human and cultural evolution Annotation copyright by Book News Inc Portland OR Women's Movements Facing the Reconfigured State Lee Ann Banaszak, Karen Beckwith, Dieter Rucht, 2003-03-03 Examines the changing relationship between women s movements and states in Western Europe and North America *Feminists Negotiate the State* Cynthia R. Daniels, Rachele Brooks, 1997 Examines women s ability to demand and receive concessions from the various branches of the U S government in regard to its treatment of the issue of domestic violence Topics explored include the history of approaches taken by women from the colonial era to the present day the power of the terminology used to define the issue interactions between police feminists and those affected by domestic violence the emergence of Battered Women s Syndrome as a defense in court cases the history of the Violence Against Women Act and an assessment of the various strategies used by feminists to engage the state in ending domestic violence Annotation copyrighted by Book News Inc Portland OR Creating a Progressive Commonwealth Megan Taylor Shockley, 2018-12-05 Building upon the work of late twentieth century scholars in the field of feminist studies Megan Taylor Shockley provides an in depth look at feminism in the modern U S South Shockley challenges the monolithic view of the region as a conservative bastion and argues that feminist advocates have provided crucial social progressive force particularly in Virginia between 1970 and 2010 An innovative study *Creating a Progressive Commonwealth* illustrates how feminists in the state challenged the traditional patriarchal system and engaged directly with the legislature

through grassroots educational efforts on three major initiatives passage of the Equal Rights Amendment protection of abortion rights and pursuit of legal and social rights for survivors of domestic and sexual violence Shockley suggests that advocates for gender equality fundamentally changed Virginia improving the state's support for women both personally and professionally as well as fostering an environment more conducive to additional progressive reform In sharing the stories of these activists the author discusses their initial choices to participate in the movement the challenges they faced in promoting a progressive agenda as well as their successes and failures Throughout Shockley emphasizes the need for scholars to look beyond the history of state legislatures in order to fully understand the nature of southern progressivism and feminism Using both archival sources and oral histories *Creating a Progressive Commonwealth* examines the individual women and their motivations as they battled recalcitrant legislators and conservative citizens to achieve social reforms
