the private army of colonel robin #3

CONGO WAR CRV

an impossible
mission for
the toughest,
deadliest little army
in the world!

by Alan Caillou

Congo War Cry

**Melville J. Herskovits Library of African
Studies**

Congo War Cry:

Congo War Cry Alan Caillou,1972 **The War Cry** ,1998 **Gender and Decolonization in the Congo K.**

Bouwer,2010-09-10 Patrice Lumumba s legacy continues to fire the imagination of politicians activists and artists But women have been missing from accounts of the Congo s decolonization What new ideals of masculinity and femininity were generated in this struggle Were masculinist biases re inscribed in later depictions of the martyred nationalist Through analysis of Lumumba s writings and speeches the life stories of women activists and literary and cinematic works **Gender and Decolonization in the Congo** The Legacy of Patrice Lumumba challenges male centered interpretations of Congolese nationalism and illustrates how generic conventions both reinforced and undercut gender bias in representations of Lumumba and his female contemporaries

The Story of the Congo Free State Henry Wellington Wack,2023-07-10 In **The Story of the Congo Free State** Henry Wellington Wack presents a comprehensive and unflinching account of the tumultuous history and exploitation of the Congo under colonial rule This work employs a critical narrative style interweaving historical documentation with vivid descriptions of the landscapes and people affected by the imperial project Wack delves into the economic motivations behind the establishment of the Congo Free State alongside the brutal realities of forced labor and violence providing readers with a deep understanding of the socio political context of late 19th and early 20th century colonialism Henry Wellington Wack a historian deeply engaged in colonial studies utilizes his extensive research and firsthand accounts to bring the challenges of the Congolese people to the forefront His background in anthropology and history coupled with a strong ethical commitment to social justice has undoubtedly shaped his perspective on the atrocities committed in the Congo Drawing from a variety of primary sources Wack aims to shed light on this often overlooked chapter of history emphasizing the need for accountability and remembrance This book is essential reading for anyone interested in colonial history post colonial studies or African studies Wack s meticulous scholarship and passionate advocacy for the marginalized make a powerful case for understanding the stories behind the statistics of colonial oppression thereby serving as a vital resource for historians students and general readers alike

The Meaning of Myth in Uncertain Times Evelien Bracke,2025-12-29 This book examines how ancient mythology forms part of the stories we tell ourselves about today s uncertain times not only in popular culture but also in sociocultural and political debates It particularly explores the ways in which classical myths shape how our modern secular societies think about the interconnected geopolitical technological and ecological issues we are facing and our potential futures Classical myths like those of Achilles Medea and Odysseus are everywhere from films and novels to social media and games But how and why are we still fascinated with them particularly now Can these strange and often painful stories from societies so radically different from our own offer us genuine insights today This expanded English edition of Evelien Bracke s award winning Dutch book *Leidraad door het labyrint* explores how and why Greek and Roman myths despite their ancient origins are surprisingly meaningful in these times of uncertainty

Bracke offers a contextualization and literary analysis of classical mythology looking at both texts and visual media This allows readers to gain a better understanding of how people draw inspiration from the past in their attempt to create a better future and how these stories provide both collective and individual guidance in navigating the turbulent 21st century The Meaning of Myth in Uncertain Times is suitable for students scholars teachers and general readers interested in mythology and ancient Greek and Roman history and culture providing insights that are relevant to the challenges we all face today

A Curse Upon the Nation Kay Wright Lewis,2017-08-15 From the inception of slavery as a pillar of the Atlantic World economy both Europeans and Africans feared their mass extermination by the other in a race war In the United States says Kay Wright Lewis this ingrained dread nourished a preoccupation with slave rebellions and would later help fuel the Civil War thwart the aims of Reconstruction justify Jim Crow and even inform civil rights movement strategy And yet says Lewis the historiography of slavery is all but silent on extermination as a category of analysis Moreover little of the existing sparse scholarship interrogates the black perspective on extermination *A Curse upon the Nation* addresses both of these issues To explain how this belief in an impending race war shaped eighteenth and nineteenth century American politics culture and commerce Lewis examines a wide range of texts including letters newspapers pamphlets travel accounts slave narratives government documents and abolitionist tracts She foregrounds her readings in the long record of exterminatory warfare in Europe and its colonies placing lopsided reprisals against African slave revolts or even rumors of revolts in a continuum with past brutal incursions against the Irish Scots Native Americans and other groups out of favor with the empire Lewis also shows how extermination became entwined with ideas about race and freedom from early in the process of enslavement making survival an important form of resistance for African peoples in America For African Americans enslaved and free the potential for one sided violence was always present and deeply traumatic This groundbreaking study reevaluates how extermination shaped black understanding of the Atlantic slave trade and the political social and economic worlds in which it thrived

Tobin's War Alan Caillou,2023-07-13 **JUNGLE SLAUGHTER** It was the only way Colonel Tobin and his hand picked warriors bought themselves a job that demanded total victory the enemy had to be wiped out completely eliminated Only one complication in the battle plan There were two enemies One was General Guevara Lincoln the giant ex Black Panther revolutionary and his collected army of African rebel tribes The other was Major Dogger the brutal South African mercenary leader and his legion of cutthroat soldiers Tobin Guevara Dogger a triangle of violence that splashes across the Congo with a bloodbath battle seemingly on a primal level The end results surpassing even the grisly days of Stanleyville and Biafra With the outcome determining the future of central Africa s people and rich resources at stake
