Congressmen And Their Constituencies:

Congressmen and Their Constituencies Lewis Acrelius Froman, 1963 **Congressmen and their Constituencies** Lewis A. Froman JR., 1965 **Home Style** Richard F. Fenno, 1978 An important new study that provides new research on the United States Congress by observing representatives in their home districts rather than in Washington This text presents a coherent picture of what elected house members see when they view their constituencies and how these perceptions affect their political behavior During nearly eight years of research the author accompanied eighteen representatives of diverse backgrounds in their districts for a unique over the shoulder perspective on congressional home style Professor Fenno's observational approach is enlivened with many examples and lends itself to a readable analysis HOME STYLE will be an invaluable addition to courses in American government the Congress and political parties Back cover **Constituencies and Leaders in Congress** John Edgar Jackson, 1974 This study may be the most sophisticated statistical study of legislative voting now in print The author asks why legislators especially U S senators vote as they do Are they influenced by their constituencies party committee leaders the President By taking a relatively short time span the years 1961 to 1963 the author is able to give us answers far beyond any we have had before and some rather surprising ones at that Constituencies played a different but more important role in senators voting than earlier studies have shown Senators appeared to be responding both to the opinion held by their constituents on different issues and to the intensity with which these opinions were held On the interrelation of constituencies and party Mr Jackson finds that Republicans and southern Democrats were particularly influenced by their voters The clearest cases of leadership influence were among the non southern members of the Democratic Party Western Republicans on the other hand rejected the leadership of party members for that of committee leaders Finally on Presidential leadership Mr Jackson shows that John F Kennedy influenced senators only during the first two years of his administration All of these findings challenge conventional wisdom and are bound to influence future work in legislative behavior Congressmen's Voting Decisions John W. promoting public interest for the political community as a whole He analyzes how legislative institutions at different levels receive advice from those to whom they are accountable how they exercise their discretion and how they instruct those who will carry out their decisions Focusing on political institutions and procedures he explores the connection between executive institutions and the Congress and between the White House and Congressional leadership groups ISBN 0 465 01385 6 18 95
