They Conquered AIDS! Scott J. Gregory, Bianca Leonardo, 1989 Nassaney at least has since died Jim Kepner *Rapid Recovery* Stephen P. King, 2006-12-13 It only took eight years in the making but I have finally completed my book on a variety of rapid recovery and healing techniques that I use in my counselling practice and with athletes Many workshop attendees had asked that I put these techniques in an easy to follow format with an explanation as to why certain things work the way they do I believe I have now achieved that goal These methods are helpful for maximising mind body maintenance by clearing fears phobias addictions obsessions compulsions traumas and all forms of self sabotage They can help optimize all aspects of our lives and open us to the fullness of life s possibilities *AIDS Information Sourcebook* Harold Robert Malinowsky, Gerald J. Palmer, 1997 In a single decade AIDS has grown to pandemic proportions The combined forces of medical research and public education have thus far failed to halt the spread of the disease which remains mysterious stigmatizing and fatal In this highly original study Susan Palmer explores the healing practices metaphors and apocalyptic fantasies of various religious racial and sexual minority groups as they respond to the AIDS threat Palmer looks at the response to AIDS by specific groups as diverse as white and black identity movements gay spirituality circles communal and millenarian cults and sci fi and horror films Her study reveals a proliferation of AIDS metaphors that refer variously to medieval plagues social disorder decline of the nuclear family and supernatural powers She argues that the human body tends to become a symbol that mirrors the social body and she finds this process especially dramatic in persecuted marginal groups Well known as a researcher and writer on new religious movements in Europe and North America Susan Palmer brings experience and insight to this study of the metaphors surrounding alternative spirituality and sexuality **AIDS Patient Care**, 1987 **American Journal of Public Health**, 1989 Includes section Books and reports AIDS Information Sourcebook Gerald J.
