WRONG, *The French and Indian War and the Conquest of New France* William R. Nester,2014-05-07 The French and Indian War was the world s first truly global conflict When the French lost to the British in 1763 they lost their North American empire along with most of their colonies in the Caribbean India and West Africa In *The French and Indian War and the Conquest of New France* the only comprehensive account from the French perspective William R Nester explains how and why the French were defeated He explores the fascinating personalities and epic events that shaped French diplomacy strategy and tactics and determined North America s destiny What began in 1754 with a French victory the defeat at Fort Necessity of a young Lieutenant Colonel George Washington quickly became a disaster for France The cost in soldiers ships munitions provisions and treasure was staggering France was deeply in debt when the war began and that debt grew with each year Further the country s inept system of government made defeat all but inevitable Nester describes missed diplomatic and military opportunities as well as military defeats late in the conflict Nester masterfully weaves his narrative of this complicated war with thorough accounts of the military economic technological social and cultural forces that affected its outcome Readers learn not only how and why the French lost but how the problems leading up to that loss in 1763 foreshadowed the French Revolution almost twenty five years later One of the problems at Versailles was the king s mistress the powerful Madame de Pompadour who encouraged Louis XV to become his own prime minister The bewildering labyrinth of French bureaucracy combined with court intrigue and financial challenges only made it even more difficult for the French to succeed Ultimately Nester shows France lost the war because Versailles failed to provide enough troops and supplies to fend off the English enemy The Conquest of New France George MacKinnon Wrong,2020-04-08 Many centuries of European history had been marked by war almost ceaseless between France and England when these two states first confronted each other in America The conflict for the New World was but the continuation of an age long antagonism in the Old intensified now by the

savagery of the wilderness and by new dreams of empire There was another potent cause of strife which had not existed in the earlier days When during the fourteenth and fifteenth centuries the antagonists had fought through the interminable Hundred Years War they had been of the same religious faith Since then however England had become Protestant while France had remained Catholic When the rivals first met on the shores of the New World colonial America was still very young It was in 1607 that the English occupied Virginia At the same time the French were securing a foothold in Acadia now Nova Scotia Six years had barely passed when the English Captain Argall sailed to the north from Virginia and destroyed the rising French settlements Sixteen years after this another English force attacked and captured Quebec Presently these conquests were restored France remained in possession of the St Lawrence and in virtual possession of Acadia The English colonies holding a great stretch of the Atlantic seaboard increased in number and power New France also grew stronger The steady hostility of the rivals never wavered There was indeed little open warfare as long as the two Crowns remained at peace From 1660 to 1688 the Stuart rulers of England remained subservient to their cousin the Bourbon King of France and at one with him in religious faith But after the fall of the Stuarts France bitterly denounced the new King William of Orange as both a heretic and a usurper and attacked the English in America with a savage fury unknown in Europe From 1690 to 1760 the combatants fought with little more than pauses for renewed preparation and the conflict ended only when France yielded to England the mastery of her empire in America It is the story of this struggle covering a period of seventy years which is told in the following pages
