Conscience Pastoral psychology institute (7 : 1969 : Fordham Univ.),1971 **Catholic Sexual Ethics** William May,Ronald Lawler,Joseph Boyle,2011-08-25 The authoritative work on the Church s teaching on sexual morality has been thoroughly updated to address dimensions of this complex topic that have emerged in the late 20th and early 21st centuries Since publication of the 2nd edition of Catholic Sexual Ethics the philosophical landscape of human sexuality has dramatically changed The rise of such concerns as moral relativism the drive for same sex unions and a drastic redefinition of marriage and family have underscored the need for an unambiguous up to date understanding of Catholic sexual teaching Features Summary of Catholic teaching on sexuality from biblical times to our own Presentation of principal elements of the teaching of Pope Benedict XVI on marriage in the early years of his pontificate Discussion of the Congregation for the Doctrine of the Faith s 2003 Considerations Regarding Proposals to Give Legal Recognition to Unions Between Homosexual Persons Integration of more recent materials that clarify issues into the existing framework of the book Whether you are involved in ministry education or catechesis you will benefit from having this essential resource near at hand **Religious Accommodation and its Limits** Farrah Raza,2023-04-20 On what grounds should religious accommodation claims be limited When do religious claims harm the autonomy of others This book proposes an original model of religious accommodation which can be applied in secular liberal democracies where religious diversity has been a hotly contested issue Addressing the complex question of limitations to the right to Freedom of Religion or Belief and how these limitations might be determined it examines how religious claims can harm the autonomy of others and emphasises the need for an appropriate balancing of competing interests Drawing on a range of case study examples from jurisdictions including the US Canada the European Court of Human Rights the European Union s Court of Justice the UK Germany and France this is a timely contribution to the debate on how a legal duty or policy approach in favour of religious accommodation can be applied in practice Moreover the proposed model offers criteria that may be used to guide the implementation of equality and diversity policies in contexts such as employment and education The book will be of interest to academics legal practitioners and policy makers in the field Conscience William Christian Bier,1971 **Catholic Sexual Ethics** Ronald David Lawler,Joseph M. Boyle,William E. May,1985 The church s teaching with regard to sexuality in light of these documents the Catechism of the Catholic Church Veritatis Splendor Evangelium Vitae and others Catholic Church s position on all aspects of human sexuality homo and birth control *Religious Freedom Limits* Indigo Allen,AI,2025-02-17 Religious Freedom Limits delves into the complex intersection of religious expression and government regulations in the UK particularly concerning buffer zones and safe access zones implemented between 2023 and 2025 The book examines how evolving legal definitions of religious expression clash with the state s responsibility to ensure healthcare access It highlights the tension between protecting vulnerable individuals and preserving civil liberties as religious groups face restrictions on their activities near

abortion clinics The book argues that blanket application of these zones may unduly restrict fundamental freedoms challenging the narrative that solely prioritizes the protection of healthcare access The book examines the legal frameworks governing religious freedom and the rationale behind buffer zones Through case studies and legal challenges from 2023 2025 it assesses the policies impact on various religious groups Legal documents court rulings and testimonies offer insights into the practical effects on individuals and religious communities The analysis considers constitutional law human rights law and political science demonstrating the broad implications of these policies Ultimately Religious Freedom Limits advocates for a more balanced approach that respects both healthcare access and religious expression offering recommendations for policymakers and legal professionals

Challenges to German Idealism K. Goudeli,2002-11-05 This book offers an important reappraisal of Schelling s philosophy and his relationship to German Idealism Focusing on Schelling s self critique in early identity philosophy the author rejects those criticisms of Schelling made by both Hegel and Heidegger This work significantly redraws the boundaries of metaphysical thinking arguing for a dialogue between rational philosophy mythology and cosmology

Self-Consciousness and the Critique of the Subject Simon Lumsden,2014-08-26 Poststructuralists hold Hegel responsible for giving rise to many of modern philosophy s problematic concepts the authority of reason self consciousness the knowing subject Yet according to Simon Lumsden this animosity is rooted in a fundamental misunderstanding of Hegel s thought and resolving this tension can not only heal the rift between poststructuralism and German idealism but also point these traditions in exciting new directions Revisiting the philosopher s key texts Lumsden calls attention to Hegel s reformulation of liberal and Cartesian conceptions of subjectivity identifying a critical though unrecognized continuity between poststructuralism and German idealism Poststructuralism forged its identity in opposition to idealist subjectivity however Lumsden argues this model is not found in Hegel s texts but in an uncritical acceptance of Heidegger s characterization of Hegel and Fichte as metaphysicians of subjectivity Recasting Hegel as both post Kantian and postmetaphysical Lumsden sheds new light on this complex philosopher while revealing the surprising affinities between two supposedly antithetical modes of thought
