Relativity: A Very Short Introduction Russell Stannard, 2008-07-24 Einstein's theory of relativity shattered the world of physics replacing Newtonian ideas of space and time with bizarre and counterintuitive conclusions a world of slowing clocks and stretched space black holes and curved space time This Very Short Introduction explores and explains the theory in an accessible and understandable way

Reality in Action: How We Spend Our Time Jill Spiewak Eng, 2026-02-17 What if nothing you do is actually chosen In Reality in Action How We Spend Our Time Jill Spiewak Eng challenges the deeply held belief that we consciously control our actions Blending neuroscience philosophy and mindful inquiry she argues that behavior is physical automatic and unfolding before we notice it By dismantling ideas of free will intention and moral blame Eng reframes how we understand responsibility anxiety compassion and justice The result is not nihilism but clarity a way of seeing human life as it actually happens not as we imagine it should Through her practice Mindful Reality one can acknowledge that the body's physical existence is the only action there can ever be Provocative rigorous and quietly humane Reality in Action is for readers ready to question the story of the self and what follows when it falls apart

The Future: A Very Short Introduction Jennifer M. Gidley, 2017-03-16 From the beginning of time humans have been driven by both a fear of the unknown and a curiosity to know We have always yearned to know what lies ahead whether threat or safety scarcity or abundance Throughout human history our forebears tried to create certainty in the unknown by seeking to influence outcomes with sacrifices to gods preparing for the unexpected with advice from oracles and by reading the stars through astrology As scientific methods improve and computer technology develops we become ever more confident of our capacity to predict and quantify the future by accumulating and interpreting patterns from the past yet the truth is there is still no certainty to be

had In this Very Short Introduction Jennifer Gidley considers some of our most burning questions What is the future Is the future a time yet to come Or is it a utopian place Does the future have a history Is there only one future or are there many possible futures She asks if the future can ever be truly predicted or if we create our own futures both hoped for and feared by our thoughts feelings and actions and concludes by analysing how we can learn to study the future ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Hermeneutics: A Very Short Introduction Jens Zimmermann,2015-10-22 Hermeneutics is the branch of knowledge that deals with interpretation a behaviour that is intrinsic to our daily lives As humans we decipher the meaning of newspaper articles books legal matters religious texts political speeches emails and even dinner conversations every day But how is knowledge mediated through these forms What constitutes the process of interpretation And how do we draw meaning from the world around us so that we might understand our position in it In this Very Short Introduction Jens Zimmermann traces the history of hermeneutic theory setting out its key elements and demonstrating how they can be applied to a broad range of disciplines theology literature law and natural and social sciences Demonstrating the longstanding and wide ranging necessity of interpretation Zimmermann reveals its significance in our current social and political landscape ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Reality: A Very Short Introduction Jan Westerhoff,2011-11-24 What is real has been one of the key questions of philosophy since its beginning in antiquity But it is not just a question that philosophers ask This Very Short Introduction discusses what reality is by looking at a variety of arguments theories and thought experiments from philosophy physics and cognitive science
