Confessions Of A Price Controller:

Confessions of a Price Controller Charles Jackson Grayson (Jr.), Louis Neeb, 1974 Robbing Peter to Pay Paul Samuel Evan Milner, 2021-11-30 Concentrated market power and the weakened sway of corporate stakeholders over management have emerged as leading concerns of American political economy Samuel Milner provides a historical context for contemporary efforts to resolve these anxieties by examining the contest to control the distribution of corporate income during the mid twentieth century During this Golden Age of American Capitalism apprehension about the debilitating consequences of industrial concentration fueled efforts to ensure that management would share the fruits of progress with workers consumers and society as a whole Focusing on wage and price determination in steel automobiles and electrical equipment Milner reveals how the management of concentrated industries understood its ability to distribute income to its stakeholders as well as why economists courts and public policymakers struggled to curtail the exercise of that market power at its source

Bending the Cost Curve in Health Care Gregory P. Marchildon, Livio Di Matteo, 2015-01-01 Through Canadian and international perspectives *Bending the Cost Curve in Health Care* explores the management of growing health costs in an extraordinarily complex arena The book moves beyond previous debates agreeing that while efficiencies and better value for money may yet be found more fundamental reforms to the management and delivery of health services are essential prerequisites to bending the cost curve in the long run While there is considerable controversy over direction and details of change there also remains the challenge of getting agreement on the values or principles that would guide the reshaping of the policies the structures and the regulatory environment of health care in Canada Leading experts from around the world representing a range of disciplines and professional backgrounds come together to organize and define the problems faced by policy makers Case studies from the United States the United Kingdom Australia the Nordic countries and industrialized Asian countries such as Taiwan offer useful reform experiences for provincial governments in Canada Finally common Canadian cost factors such as pharmaceuticals and technology and paying the health workforce are explored This book is the first volume in The Johnson Shoyama Series on Public Policy published by the University of Toronto Press in association with the Johnson Shoyama Graduate School of Public Policy an interdisciplinary centre for research teaching and executive training with campuses at the Universities of Regina and Saskatchewan

Medicare and Medicaid at 50 Alan B. Cohen, David C. Colby, Keith A. Wailoo, Julian E. Zelizer, 2015-06-01 For fifty years Medicare and Medicaid have stood at the center of a contentious debate surrounding American government citizenship and health care entitlement In *Medicare and Medicaid at 50* leading scholars in politics government economics health policy and history offer a comprehensive assessment of the evolution of these programs and their impact on society from their origins in the Great Society era to the current battles over the Affordable Care Act Obamacare These highly accessible essays examine Medicare and Medicaid from their origins as programs for the elderly and poor to their later role as a safety net for the middle class Along the way they

have served as touchstones for heated debates about economics social welfare and the role of government **The Washington Monthly** ,1974 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1976 **The Publishers Weekly** ,1974 **Nixon's Economy** Allen J. Matusow,1998 Historian Allen J Matusow now presents the first comprehensive history of Nixon s political economy He depicts a president who disliked the subject but was forced to pay attention or lose his dream of effecting a historic realignment of the political parties in America The study derives its authority from extensive archival research in Nixon s presidential papers including notes by Haldeman and Ehrlichman of crucial conversations in the Oval Office Matusow shows the poverty of contemporary economic theory Nixon s willingness to sacrifice the world economy for his domestic political purposes and his desperate attempts to find something anything that might work Lurching from one set of policies to another Matusow argues Nixon achieved only illusory successes that ultimately brought on a decade of economic disaster **The Advocate** ,1976 Congressional Record United States.
