*Federal Land, Western Anger* R. McGreggor Cawley, 1993 Cawley objectively investigates the Sagebrush Rebellion looking at the driving force behind the movement the strategies used by the Rebels and the consequences of the controversy He also offers a provocative interpretation of events in federal land policy from the 1960s to the 1990s and establishes a framework for assessing future developments in federal land policy Includes an analysis of James Watt s beleaguered tenure as Reagan s Secretary of the Interior

Conversations Jack Selzer, 2003 More than 140 readings in Conversations Fifth Edition present an extraordinary variety of authors genres voices and viewpoints on important contemporary civic issues The diversity of opinions expressed and the currentness of issues explored encourage students to join the conversation through their own writing For each issue addressed Conversations offers not just one or two selections but several Frequently selections comment on and argue with other selections demonstrating that writing is a social exchange and that much writing is a response to other writing

**Environmental Literature** Patricia D. Netzley, 1999-12-14 Environmental Literature An Encyclopedia of Works Authors and Themes examines the works of explorers scientists environmentalists ecologists conservationists and nature writers as well as novelists and poets Each entry includes end of entry references and cross references to relevant works A bibliography

and comprehensive index round out this handy encyclopedia BOOK JACKET **The Workbook**, 1991 Enduring Liberalism Robert Booth Fowler, 1999 Enduring Liberalism pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study's findings BOOK JACKET The Rebirth of Environmentalism Douglas Bevington, 2009-09-22 Over the past two decades a select group of small but highly effective grassroots organizations have achieved remarkable success in protecting endangered species and forests in the United States The Rebirth of Environmentalism tells for the first time the story of these grassroots biodiversity groups Author Douglas Bevington offers engaging case studies of three of the most influential biodiversity protection campaigns the Headwaters Forest campaign the zero cut campaign on national forests and the endangered species litigation campaign exemplified by the Center for Biological Diversity providing the reader with an in depth understanding of the experience of being involved in grassroots activism Based on first person interviews with key activists in these campaigns the author explores the role of tactics strategy funding organization movement culture and political conditions in shaping the influence of the groups He also examines the challenging relationship between radicals and moderate groups within the environmental movement and addresses how grassroots organizations were able to overcome constraints that had limited the advocacy of other environmental organizations Filled with inspiring stories of activists groups and campaigns that most readers will not have encountered before The Rebirth of Environmentalism explores how grassroots biodiversity groups have had such a big impact despite their scant resources and presents valuable lessons that can help the environmental movement as a whole as well as other social movements become more effective Book Jacket **Argument in America** Jack Selzer, 2004 Brief flexible and economical this Penguin Academics anthology presents classic and contemporary arguments on landmark issues in American life the environment education censorship civil disobedience the struggle for liberation and immigration and assimilation Argument in America offers multi sided dialogues on timeless issues fundamental to American culture and civic identity The book introduces students to an historical dimension as well as contemporary perspectives from a wide range of authors writing in many genres essays speeches poems stories and visual arguments The final section of the anthology Arguments on Argument features several selections on the nature of argument itself Helpful but unobtrusive editorial apparatus includes a brief general introduction introductions to the seven sections discussion questions and headnotes for the selections many of which explain how the selection contributes to the argumentative issue at hand **Envisioning Ecotopia** Kenn Kassman, 1997-10-28 How do various worldviews praxis orientations and preferred future visions differ between the three major subcultures within the American Green Movement Drawing on his experience as an activist Kenn Kassman explains the distinctions between the three elements which he terms Neo Primitivism Mystical Deep Ecology and Social Ecology What emerges is a perceptive analysis of one of the most important of North America's new social movements

the Greens Kassman examines and contradistinguishes the approach of each element in the movement to the general Green agenda ecological harmony social justice societal participation and nonviolence and goes on to explore potential weaknesses in the utopias they seek The study concludes with the author s considered view of the likely progress and development of the three components in the future He asks and suggests an answer to the question what ultimately will be regarded as the political and social significance of the Green movement Kassman s work will be of interest to scholars students and activists in politics and environmental studies *Eco-freaks* John Berlau,2006 Berlau takes an outrageous alarming look at how the environmental movement with its radical shortsighted eco activists has actually helped amplify the dangers of natural disasters and destroyed the lives and property of millions of Americans **Natural Arguments** Emily Alice Swanson,2007

*Living with the Adirondack Forest* Catherine Henshaw Knott,1998 In the land use controversy that has led people to pour sand in the gas tanks of logging trucks and set barns on fire some voices have still not been heard Catherine Henshaw Knott listened to people with divergent views of the forest Native Americans for whom it is tribal land and visitors for whom it is scenery residents who hunt for food and sportsmen who shoot deer for the trophy antlers members of local citizens groups and organizers from Earth First Knott interviewed residents of the Adirondacks on the complex issues of conservation in their living rooms and in meeting halls at local festivals and at craft fairs This book is the result **Coyote in the Maze** Peter Quigley,1998 This volume is the first comprehensive collection of literary criticism devoted to the entire challenging corpus of author Edward Abbey s work *In a Dark Wood* Alston Chase,1995 The author of *Playing God in Yellowstone* now offers an authoritative controversial and immensely readable account of one of the most important issues facing Americans today the fight to save the old growth forests of the Northwest The Tree of Liberty Nicholas N. Kittrie,Eldon D. Wedlock,1998 A legal historical social and psychological inquiry into rebellions and political crimes their causes suppression and punishment in the United States **Protestantism, Capitalism, and Nature in America** Mark Stoll,1997 Environmentalists have often blamed Protestantism for justifying the human exploitation of nature but the author of this cultural history argues that in America hard boiled industrialists and passionate environmentalists sprang from the same Protestant root Protestant Christianity Calvinism especially both helped industrialists like James J Hill rationalise their utilisation of nature for economic profit and led environmental advocates like John Muir to call for the preservation of unspoiled wilderness Biographical vignettes examine American thinkers industrialists and environmentalists Benjamin Franklin Joseph Smith William Gilpin Leland Stanford Gifford Pinchot Aldo Leopold and others whose lives show the development of ideas and attitudes that have profoundly shaped Americans use of and respect for nature The final chapter looks at several contemporary figures James Watt Annie Dillard and Dave Foreman whose careers exemplify the recent Protestant thought and behaviour and their impact on the environment
