settlement of American continent throughout the centuries and with migrations of different tribes and racial groups to and from America Amazon

The Conquest of a Continent; Or, the Expansion of Races in America, Etc. [With Maps and a Bibliography.] Madison Grant, 1933

The Conquest of a Continent; or, The Expansion of Races in America Madison Grant, 2019-11-19

In *The Conquest of a Continent or The Expansion of Races in America* Madison Grant offers a provocative exploration of racial dynamics in the United States from a historical perspective. Written in an era marked by scientific racism and eugenics, Grant's literary style combines polemical rhetoric with a pseudo-scientific analysis of ethnic diversity and its implications for American society. The book is structured to argue that the Amerindian populations were in a state of decay while the European descended races were the bearers of progress and civilization, tapping into prevailing sentiments of American exceptionalism during the early 20th century. Madison Grant, an influential American eugenicist and conservationist, was deeply entrenched in the socio-political currents of his time. His background as a prominent member of the New York social elite and his involvement in the preservation of natural landscapes provided him with a unique platform from which to voice his views. Grant's convictions about race and culture were shaped by his extensive travels and friendships with contemporaries who sought to delineate and promote a hierarchy of races, ultimately fueling the discourse reflected in this work. This book is essential for readers seeking to understand the historical context of race in America. While controversial and often criticized for its scientific inaccuracies and moral implications, it offers crucial insights into the racial ideologies that have echoed throughout American history. Engaging with Grant's text encourages a critical analysis of racial theory and its legacy, serving as both a historical artifact and a cautionary tale about the misuse of social science. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. A detailed Historical Context immerses you in the era's events and influences that shaped the writing. A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

Conquest of a Continent Madison Grant, 2021-09-09

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. Within the United States you may freely copy and distribute this work as no entity, individual or corporate, has a copyright on the body of the work. Scholars believe and we concur that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process and thank

you for being an important part of keeping this knowledge alive and relevant

The Conquest of a Continent Madison Grant, 2018-01-02 Madison Grant traces the ethnography of the North American continent Grant details the history of various ethnic groups on the continent from Colonial times to the mid 20th century Central is the dominant role that the Nordic race particularly Anglo Saxon and Ulster Scots played in the conquest and founding of the United States Madison Grant author of *The Conquest of a Continent* or *The Expansion of Races in America* 1933 and previously *The Passing of the Great Race* 1916 was much discussed and reviewed in his own time and into the 21st century by both detractors and admirers whether in qualified or very strident terms This prominent naturalist zoologist and benefactor still casts a shadow over many aspects of the human condition and the issues of race national identity immigration and the potential role of scientific methods in improving racial stock points of contention that have never faded He is a progressive and a man of science an elitist and a conservationist or environmentalist in contemporary parlance In this what his colleague the paleontologist Henry Fairfield Osborn called in the introduction the first racial history of America Grant provides a consistent theme Nordicism and the need to preserve the Nordic racial type in America but can be contradictory and inconsistent in finding the means to achieve this ultimate conservationist agenda

[The Conquest of a Continent](#) Madison Grant, 2013-07-29 A leading conservationist in the United States Madison Grant's preoccupation with biodiversity was not limited to wildlife but also extended to humans particularly where that biodiversity intersected with the wider sweep of history its meaning and interpretation and government policy Grant provides here a racial and ethnic history of the European settlement of North America spanning from the ancient nations of Europe to the United States of his day His thesis was that the United States was settled mostly by Northwestern Europeans particularly English and Ulster Scots To his mind this relative homogeneity plus the generally high quality of these enterprising settlers conferred upon the new nation its prosperity cohesion stability and defining cultural characteristics Grant was concerned that then recent waves of immigration from poorer parts of Europe would lead to social instability division economic decline and a growing underclass He also thought that the failure to deal with problems left by slavery stored trouble for the future Grant's represents today an unfashionable opinion and his framework of analysis not to mention his Nordacist bias makes him seem somewhat outdated Yet he remains historically important in his day Grant enjoyed support with much of the old WASP establishment including academics politicians and scientists who were leaders in their field What is more nearly half a century since the restrictive immigration legislation for which he campaigned was reversed the old arguments have not gone away as in Europe they are being updated and revisited in the United States which is now more socially unstable more divided less prosperous and with a much greater underclass than before This despite strenuous efforts by Grant's opponents over the past century Worse still the founding stock of the United States is now in steep decline just as Grant predicted it would without targeted policies this and the implications of that decline makes him even more relevant today than he was in his lifetime Following the Anti Defamation League's efforts to suppress the book in

1933 there has not been a professional edition in print for the last eighty years This edition has been meticulously annotated making it a resource for casual readers and scholars alike It also comes with all the original maps an expanded index a foreword by Richard Spencer of the National Policy Institute and cover artwork by Alex Kurtagic

Conquest of a Continent Madison Grant, 2018-11-25 2018 Reprint of 1933 Edition Full facsimile of the original edition not reproduced with Optical Recognition software Illustrated with Maps A leading conservationist in the United States Madison Grant's preoccupation with biodiversity was not limited to wildlife but also extended to humans particularly where that biodiversity intersected with the wider sweep of history its meaning and interpretation and government policy Grant provides here a racial and ethnic history of the European settlement of North America spanning from the ancient nations of Europe to the United States of his day His thesis was that the United States was settled mostly by Northwestern Europeans particularly English and Ulster Scots To his mind this relative homogeneity plus the generally high quality of these enterprising settlers conferred upon the new nation its prosperity cohesion stability and defining cultural characteristics Grant was concerned that then recent waves of immigration from poorer parts of Europe would lead to social instability division economic decline and a growing underclass He also thought that the failure to deal with problems left by slavery stored trouble for the future Grant's represents today an unfashionable opinion and his framework of analysis not to mention his Nordic bias makes him seem biased and outdated Yet he remains historically important The old arguments have not gone away as in Europe they are being updated and revisited in the United States which is now more socially unstable and more divided than previously thought possible

The Conquest of a Continent, Or The Expansion of Races in America (Illustrated Edition) Madison Grant, 2019-11-28 Grant 1865-1937 was an American lawyer writer and zoologist known primarily for his work as a eugenicist racist and as a conservationist being one of the leading thinkers and activists of the Progressive Era He was responsible for one of the most notorious works of scientific racism *The Passing of the Great Race* 1916 and played an active role in crafting strong immigration restriction and anti miscegenation laws in the US As a conservationist he is credited with saving many species of animals founding numerous environmental and philanthropic organizations and developing much of the discipline of wildlife management This work first published in 1933 is illustrated with 14 maps and includes an introduction by Henry Fairfield Osborn 1857-1935 the paleontologist and geologist who was president of the American Museum of Natural History for 25 years of which Grant was a trustee

The Conquest of a Continent, Or, the Expansion of Races in America Grant Madison, 1970* **Conquest of a Continent** Madison Grant, 2013-11-14 By using documented historical fact Madison Grant proved that the colonial stock who opened up America for settlement were primarily of Northwestern European stock with particular emphasis on its English and Ulster Scots roots He goes on to show how America reached its greatest degree of racial homogeneity in 1860 and that later immigration from all parts of the world was undermining this founding stock Grant's predictions of what would happen if unlimited immigration was allowed once

again and if the existing racial problems left by slavery and illegal Mexican immigration were not addressed make sobering reading Contains all the original maps and two new appendices which details how the Anti Defamation League sought to suppress this book and a 2006 study which showed that the number of Americans born with blue eyes had dropped from 1 in 2 in 1900 to less than 1 in 6 in 2000 proof of the accuracy of Grant s predictions that unlimited immigration would lead to the de Nordicization of America Contents Introduction by Prof Henry Fairfield Osborn I Foreword II The Cradle of Mankind III The Nordic Conquest of Europe IV The Nordic Settlement of America V The Puritans in New England VI The Gateways to the West from New England and Virginia VII Virginia and Her Neighbors VIII The Old Northwest Territory IX The Mountaineers Conquer the Southwest X From the Mississippi to the Oregon XI The Spoils of the Mexican War XII The Alien Invasion XIII The Transformation of America XIV Checking the Alien Invasion XV The Legacy of Slavery XVI Our Neighbors on the North XVII Our Neighbors on the South XVIII The Nordic Outlook Bibliography Appendix 1 We Are Interested in Stifling the Sales of this Book Appendix 2 The Decline of Blue Eyes in America Index MAPS Ireland Highlands and Lowlands of Scotland Ulster Scot and New England Origins Puritan Emigration from England 1620 1640 Territorial Growth of the United States The Thirteen Colonies Roman Catholics 1930 Congregational Churches Negro Population 1930 Negro Population Increase and Decrease 1920 1930 Dominion of Canada and Newfoundland Mexico Central America and the West Indies Distribution of Mexicans by States South America Conquest of a Continent Theodore M. Banta,2000 Have you ever wondered as you drove across this great country of ours who were those guys who wrested this continent from primeval forests the raging and untamed rivers the desolate and seeming unconquerable deserts In short a threatening inhospitable and uncivilized land unexplored with untold terrors awaiting those foolish enough to take that next step into that vast wilderness Who were those courageous fearless frontiersmen who never hesitated to take that next step This historical novel seamlessly follows a family the Bantas through twelve generations nine of which lived their lives as frontiersmen on the edge of civilization on the North American continent It is based on historic facts and human figures which the author through deductive analysis brought to life Names places and dates in this narrative are as historically accurate as the author s knowledge and sources permit Most quotations other than those that are indented are imaginary From the progenitor of the Banta family name Epke Jacobs who arrived in Vlissingen New Amsterdam New Netherland in 1659 through Theodore Parker Banta T P of the eighth generation on this continent there was a constant movement by each following generation to the frontier s edge They were always pushing the edge of the envelope in its odyssey of two hundred and forty one years across a new continent from Flushing on the Atlantic coast to the Imperial Valley fifty miles from the Pacific Ocean Part I of this book follows the first seven generations It begins telling Epke Jacobse s story of his and his family s migration in 1659 from Minertsga on the dike protected lowlands of the Rhine River s delta in Friesland the northern province of Holland and continues with his arrival into the Dutch colony of New Netherland to operate an inn on Long Island It concludes with seventh generation Frederick

Banta's migration to Hanging Grove Township near Rensselaer, Indiana, where he bought land from the United States government and carved a farm from hillocks in its swampy land. During these seven generations, each following generation reached out and settled the continent's newest frontier. T. P. of the eighth generation, along with his wife and sons, were the last of these generations of frontiersmen. His story, part II of this book, is the story of the conquering of the last frontier in the contiguous United States of America. His frontier was the delta of the Colorado River, named the Colorado Desert, the most God-forsaken and dead world imaginable. He and his wife, Carrie, along with their three sons, were the fourth family to settle in the desert under its new name, the Imperial Valley. Who, in their wildest dreams, could foresee that this desolation could be made to bloom through irrigation water from the Colorado River in an abundance of luxurious green, which caused it to become the vegetable garden of the nation? Starting one hundred and seventeen years before the American Revolution, this book tells a continuous story in human terms of the building of our great nation, the United States of America. This historical novel takes you from the delta of the Europe's great Rhine River, where dikes held back the North Sea from flooding the lands, to the delta of North America's great Colorado River, consisting of nothing but a sandy desert crossing the Gulf of California. It does this by following one line of one family that never left the frontier for over 242 years. *The Conquest of a Continent* Chase S. (Chase Salmon) B. 1. Osborn, Stellanova, 1894-1988. Osborn, 2021-09-09. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity, individual, or corporate, has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant. **The Conquest of a Continent** W. Bruce Lincoln, 2007. In *The Conquest of a Continent*, the historian W. Bruce Lincoln details Siberia's role in Russian history, one remarkably similar to that of the frontier in the development of the United States. It is a big panoramic book, in keeping with the immensity of its subject. Chicago Tribune: Lincoln is a compelling writer whose chapters are colorful snapshots of Siberia's past and present. *The Conquest of a Continent* is a vivid narrative that will inform and entertain the broader reading public. American Historical Review: This story includes Genghis Khan, who sent the Mongols warring into Russia; Ivan the Terrible, who conquered Siberia for Russia; Peter the Great, who supported scientific expeditions and mining enterprises; and Mikhail Gorbachev, whose glasnost policy prompted a new sense of Siberian nationalism. It is also the story of millions of souls who themselves were conquered by Siberia. Vast riches and great misery often intertwined mark this region. The Wall Street Journal: Stretching from the Urals to the Arctic Ocean to China, Siberia is so vast that the continental United States and

Western Europe could be fitted into its borders with land to spare Yet in only six decades Russian trappers cossacks and adventurers crossed this huge territory beginning in the 1580s a process of conquest that continues to this day As rich in resources as it was large in size Siberia brought the Russians a sixth of the world s gold and silver a fifth of its platinum a third of its iron and a quarter of its timber The conquest of Siberia allowed Russia to build the modern world s largest empire and Siberia s vast natural wealth continues to play a vital part in determining Russia s place in international affairs Bleak yet romantic Siberia s history comes to life in W Bruce Lincoln s epic telling *The Conquest of a Continent* first published in 1993 stands as the most comprehensive and vivid account of the Russians in Siberia from their first victories over the Mongol Khans to the environmental degradation of the twentieth century Dynasties of incomparable wealth such as the Stroganovs figure into the story as do explorers natives gold seekers and the thousands of men and women sentenced to penal servitude or forced labor in Russia s great wilderness prisonhouse *The Conquest of a Continent, Or the Expansion of Races in America, by Madison Grant,... Introduction By... Henry Fairfield Osborn* Madison Grant, Henry Fairfield Osborn, 1933
