**The Gendered West** Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female experience whether Hispanic Japanese or Irish Women s work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered Conquests and Consequences Carol L. Higham, William H. Katerberg, 2009-08-18 Conquests and Consequences introduces students to the history of the American West by examining key questions about the identity of the region Discusses how diverse societies and empires have shaped and reshaped the American West over the centuries Looks at the points at which the West has functioned as a colony and its transition to functioning as a region Examines how the concept of frontier functions in the West Illustrated with numerous maps images and photographs in partnership with the Buffalo Bill Historical Center *The Historians' History of the World* Henry Smith Williams, 1907 **England to 1485** Henry Smith Williams, 1908 **The Origin and Growth of the English Constitution: The making of the constitution** Hannis Taylor, 1889 *The Origin and Growth of the English Constitution* Hannis Taylor, 1889 **Thomas Jefferson and the Changing West** James P.
