La Conciencia De Zeno / Zeno's Conscience Italo Svevo, 2005-09 Conciencia y quimera Elio Alba-Buffill, 1985 **Fragmentos**, 1990 Au Naturel Lara Anderson, J. P. Spicer-Escalante, 2010-03-08

Literary naturalism within the Hispanic context has traditionally been read as a graphic realist school or movement linked predominantly to late nineteenth century literary production. The essays in Au Naturel: Re-Reading Hispanic Naturalism written by scholars from different generations, nationalities and ideological backgrounds propose a major revisionist contribution to the study of Hispanic naturalism. Based on a theoretical proposal that re-semanticizes naturalism as a diachronic counter-metanarrative phenomenon that transcends the chronological and geographic limitations imposed by traditional criticism on naturalism, the collection provides new readings of traditional naturalist fare as well as re-readings of works that have not been read within the bounds of conventional criticism as naturalist. Re-read within the proposed theoretical framework, its essays demonstrate the countless ways in which Hispanic naturalist texts literary and more recently filmic continue to frankly engage the societal problematics that has impeded true social, political, economic and cultural progress from taking place in the Hispanic world from the turbulent fin de siècle period of the nineteenth century through the present day globalized context. Au Naturel: Re-Reading Hispanic Naturalism is thus also an open invitation to the scholarly community to re-consider other socio-critical works within the Hispanic naturalist context that observe and reflection upon social issues that continue to plague Hispanic society today.
