

WHAT IS CONSCIOUSNESS?

Consciousness is the ability that human beings have to be aware of ourselves, our emotions, thoughts, and actions.

It is the faculty that **allows us to have a sense of identity and to be present in the world.**

Through **consciousness**, we are able to reflect, make decisions, and be responsible for our actions.

It is like the internal voice that guides us and helps us distinguish between right and wrong.

Consciousness also allows us to connect with others and have empathy towards them. It is an essential part of our human experience and makes us unique as individuals.
