Development Devolution And Democracy Vol 18 Village Discourse In West Bengal:

Development, Decentralization and Democracy Robert Thörlind, 2000 This book explores the controversy in political science surrounding the civil society social capital paradigm by studying the performance of decentralized governments in West Bengal and Bangladesh Gram panchayats and NGOs provide the focus of the study The study intends to determine whether a growth in social capital can explain why decentralized governments seem to be more effective in West Bengal though both areas decentralized their governments around the same time The two regions have shared for centuries a common history civic culture ethnic identity and language though religion led to the separation of the regions

Development, Devolution, and Democracy Georges Kristoffel Lieten, 1996 **Local Democracy and Development** T. M. Thomas Isaac, Richard W. Franke, 2002 In this definitive history a key figure in the People's Campaign in Kerala provides a unique insider's account of one of the world's most extensive and successful experiments in decentralization Launched in 1996 the campaign mobilized over 3 million of Kerala's 30 million people and resulted in bottom up development planning in all 1 052 of its villages and urban neighborhoods The authors tell a powerful story of mass mobilization and innovation as bureaucratic opposition was overcome corruption and cynicism were rooted out and parliamentary democracy prevailed Considering both the theoretical and applied significance of the campaign in the context both of India's development since independence and of recent international debates about decentralization civil society and empowerment the book provides invaluable lessons for sustainable development worldwide **Deepening Democracy** Archon Fung, Erik Olin Wright, 2003 The institutional forms of liberal democracy developed in the nineteenth century seem increasingly ill suited to the problems we face in the twenty first This dilemma has given rise in some places to a new deliberative democracy and this volume explores four contemporary empirical cases in which the principles of such a democracy have been at least partially instituted the participatory budget in Porto Alegre the school decentralization councils and community policing councils in Chicago stakeholder councils in environmental protection and habitat management and new decentralised governance structures in Kerala In keeping with the other Real Utopias Project volumes these case studies are framed by an editor's introduction a set of commentaries and concluding notes **Panchayats, Rural Development, and Local Autonomy** Prabhat Kumar Datta, 2001 With special reference to B r b h m and Jalpaiguri districts of West Bengal **Towards Good Governance and Sustainable Development** Prabhat Kumar Datta, 2003 With special reference to Panchayat Raj in West Bengal includes articles on rural local governance and urban development in Indian states **Social Movements in India** Raka Ray, Mary Fainsod Katzenstein, 2005-03-25 Social movements have played a vital role in Indian politics since well before the inception of India as a new nation in 1947 During the Nehruvian era from Independence to Nehru's death in 1964 poverty alleviation was a foundational standard against which policy proposals and political claims were measured at this time movement activism was directly accountable to this state discourse However the role of social

movements in India has shifted during the last several decades to accompany a changed political focus from state to market and from reigning ideologies of secularism to credos of religious nationalism In the first volume to focus on poverty and class in its analysis of social movements a group of leading India scholars shows how social movements have had to change because poverty reduction no longer serves its earlier role as a political template Nonetheless particular sectors of social movement politics remain the holding vessels for India's egalitarian conscience With distinctive chapters on gender lower castes environment the Hindu Right Kerala labor farmers and biotechnology Social Movements in India will be attractive to students and researchers in many different disciplines Contributions by Amita Baviskar Anuradha Chakravarty Vivek Chibber Gopal Guru Patrick Heller Ron Herring Mary John Mary Fainsod Katzenstein Neema Kudva Gail Omvedt Raka Ray and Tanika Sarkar *Journal of Economic Literature* ,1998 **India Panchayati Raj Report 2001** ,2001
