## **Devastating Truth:**

*The Ways of God, Updated Edition* Richard Blackaby, 2023-04-18 Have you ever been surprised or confused by what God did in your life or someone else's? Did you expect God to act one way and then he did something entirely different? Have you ever prayed and asked God to do one thing but he did something entirely different? Have you ever made great sacrifices for God and then he chose not to bless your efforts? If so, the reason may be that you are unfamiliar with the ways of God. God's ways are vastly different from ours. We will be constantly disappointed if we assume God will act the same way we would. The problem with the Church at times is that it tries to do God's work the world's way. However, with God, how you do something is as important as what you do. If you intend to be a growing, fruitful disciple of Jesus, you must learn the ways of God.

Bestselling author Henry Blackaby along with Roy Edgemon originally wrote a book on this crucial subject. Now Henry's son Richard has produced a fresh, practical and expansive treatment of these powerful truths. How do mere mortals relate to and understand a God who is spirit and infinitely greater, wiser and holier than they are? How do we relate to someone who has existed for eternity and who knows what lies ahead for all eternity to come? Blackaby identifies God's ways and examines how they differ from ours. He also provides practical guidance so God's ways can become ours. Do you want God to bless your efforts and to receive glory from your life? Learn to live your life according to the ways of God. If you do, you may well be swept up into the eternal purposes of almighty God.

**Genocide Denials and the Law** Ludovic Hennebel, Thomas Hochmann, 2011-02-09 In *Genocide Denials and the Law*, Ludovic Hennebel and Thomas Hochmann offer a thorough study of the relationship between law and genocide denial from the perspectives of specialists from six countries. This controversial topic provokes strong international reactions involving emotion caused by denial along with concerns about freedom of speech. The authors offer an in-depth study of the various legal issues raised by the denial of crimes against humanity, presenting arguments both in favor of and in opposition to prohibition of this expression. They do not adopt a pro or contra position but include chapters written by proponents and opponents of a legal prohibition on genocide denial. Hennebel and Hochmann fill a void in academic publications by comparatively examining this issue with a collection of original essays. They tackle this diverse topic comprehensively, addressing not only the theoretical and philosophical aspects of denial but also the specific problems faced by judges who implement anti-denial laws. *Genocide Denials and the Law* will provoke discussion of many theoretical questions regarding free speech, including the relationship between freedom of expression and truth, hate, memory and history.
