Reviving Professional Learning Communities Perry P. Wiseman, Hector Arroyo, Nicholas Richter, 2012-12-07

A Professional Learning Community is undeniably one of the most effective processes out there for improving student achievement as well as a school's overarching culture and climate. With such widespread notoriety, though, there has been a dilution of the true essence of the term. Understanding of what a Professional Learning Community is varies from one district to another, from one school to another, even from one educator to another. It's about time for a resurrection. Reviving Professional Learning Communities does exactly that through the lens of a simple framework called the 4S Approach. This new development helps practitioners build thriving learning communities through 1) recognition and validation of each staff member's unique points of view, 2) natural conflict that accompanies the assorted viewpoints, 3) healthy teamwork, and 4) effective systems. Sprinkled throughout the book are also 32 practical, high-leverage strategies that are easy to understand and simple to put into practice right away. This book will most certainly help answer the perennial question: How do we achieve a genuine Professional Learning Community?

Guiding Professional Learning Communities Shirley M. Hord, James L. Roussin, William A. Sommers, 2009-11-24. Offers more than 30 structured learning opportunities to help busy educators put six components of effective PLCs into practice and facilitate individual and schoolwide development.

Demystifying Professional Learning Communities Kristine Kiefer Hipp, Jane Bumpers Huffman, 2010-02-16. The purpose of this book is to clearly define an approach to school improvement that uses professional learning community (PLC) practices to achieve school improvement and success for every student. This book offers information, examples, and case studies to clarify the concept of a PLC to respond to critical issues in schools and to support educational leaders in addressing the important mandates of accountability and school improvement. As school leaders proactively lead efforts to create learning communities, their schools, districts, and staff will incorporate knowledge, skills, and practices that focus on teaching and learning for all. The authors' findings will assist leaders, change agents, policy makers, and university faculty in guiding schools toward creating and maintaining PLCs as they sustain school improvement for student learning.

[Reach the Highest Standard in Professional Learning: Learning Communities](#) Shirley M. Hord, Patricia Roy, 2013-11-20. When teachers learn from each other, students reap the benefits. The first in a series exploring each of Learning Forward's seven Standards for Professional Learning, this book helps readers understand what it takes to establish and maintain professional learning communities (PLCs) so they increase educator effectiveness and provide the best outcomes for students. This definitive volume details how the Learning Forward standards for professional learning can be applied successfully in any school and includes an original essay designed to stretch readers' thinking by introducing the underlying theory, research, and practice behind learning communities. A guide to implementing the Learning Communities standard with an overview of six critical attributes of PLCs and the seven-step cycle of continuous improvement. A case study of the district-wide implementation of PLCs containing detailed analysis of what worked.
